

All of us deserve the right to control how our personal time is spent. Our home telephone should remain private and not available to every telemarketer. Telemarketers do not have a right to interrupt what little personal time far too many of us have. The DO NOT CALL PROGRAM has helped to reduce these annoying, unwelcome calls. Please do nothing to weaken our consumer protection preserved by New Jersey's Do Not Call Program. I do not want telemarketers calling my home or filling my answering machine with their unwanted messages.
